FAQ VIRTUAL AGENT

A PROJECT BY SREENEHA

SUMMARY

- I Have developed an FAQ answering virtual agent using natural language processing, sentence transformers and cosine similarity of documents. I have collected my own data to train the model. I have used FAQs of Swiggy collected from Glassdoor.
Https://www.glassdoor.co.in/FAQ/Swiggy-Questions-E952680.htm

- The data I have stored in an csv file in the tabulated form of:

Q	A
Question 1?	Answer 1
Question 2?	Answer 2
